

MobyMax Summer Learning Contest!

Our school is utilizing MobyMax to provide differentiated learning for every student. MobyMax find-and-fix technology helps students increase one full grade level in just 20 hours of use. Keep your child's skills sharp this summer in math, reading, phonics, language, writing, science, social studies, and more. Even just 20 minutes a day will help keep them sharp and reduce the chance of learning loss.

Did you know?

Most students lose about two months of grade level equivalency in math computation skills during summer break.

What is MobyMax?

MobyMax is a complete curriculum for ALL K-8 subjects including math, reading, phonics, language, vocabulary, writing, science, social studies, and even state test prep. MobyMax unlocks the power of personalized and blended learning to help students learn twice as fast. MobyMax identifies skill gaps with find-and-fix technology that helps students increase one full grade level in just 20 hours.

Math

A bar graph helps us organize and read data.

Animal	Number of animals
Cows	4
Chickens	2

Read a bar graph

Science Preview

The ball below is moving to the right. Choose the arrow that represents a force that would push this ball in the opposite direction.

motion
